Label:	PUF: Total Household Assets (excluding cars/vehicles/home)		

Question Text:

User Notes: This variable reports the sum of the reported household assets, including checking accounts, savings accounts, stock, notes, CDs, mutual funds, bonds, cash, household items valued in excess of \$500, burial accounts and other assets. This variable does NOT include the value of the household's home or vehicles. This variable may underreport the total household assets for households with asset holders other than the parents/guardians (CP/YP) or the sample member/sample member spouse (YA/YX). The public version of this variable groups the total value of household assets into \$5,000 ranges and a category for amounts greater than \$30,000.
